

It's a great time of year to get out among the trees. An autumnal walk in woodland or a local park can be especially rewarding at this time of year. The unique smells, the crisp fallen leaves and the stunning colours. It's also a time of year when all manner of free craft goodies become freely available. Acorns, beech nuts, conkers to name just a few.

Children especially love kicking about in freshly fallen leaves, instilling fond memories which last a lifetime. Why not make an enjoyable day out into a craft project the kids will love? They will be proud of the results. With a bit of board, an offcut of fabric, a little glue and some imagination you can quickly create something truly unique.
