

Paul McCarthy is a well known and respected chef in the North Yorkshire area, having worked in some outstanding restaurants.

In August 2016 he embarked on his own enterprise, selling high quality lunches over the weekends, delivered free in the Selby Area. This was just the foundation of a business driven by ambition and a passion for great food. In November 2016 Paul started his Community Meal Plan and purchased his Catering Trailer. Offering great quality meals for those in the community in the greatest need at more than reasonable rates and covering outdoor events can only be the way to go for a business with such talent and drive.
